BABYNET UPDATE

TO: BabyNet Providers and Service Coordinators

SUBJECT: Ankle-Foot Orthotics (AFO) and Supra-Malleolar Orthoses (SMO)

Pursuant to federal regulations related to operating South Carolina's Individuals with Disabilities Education Act (IDEA) Part C program, known as BabyNet, the South Carolina Department of Health and Human Services (SCDHHS), requires authorization and delivery of services to be documented in the BRIDGES data system. SCDHHS is announcing updates to the authorization, documentation, and billing processes related to AFO and SMO devices in BRIDGES.

Process Update

To support accurate authorization, documentation, and billing of AFO and SMO devices for BabyNet eligible children, SCDHHS is adding the procedure codes listed below to the BRIDGES data system effective July 1, 2026. Adding these codes to BRIDGES will reduce administrative burden on service coordinators and providers and allow for more accurate reporting and monitoring of AFO and SMO devices. AFO/SMO BabyNet Approved Procedure Codes: L1907, L1930, L1940, L1960, L1970, L2036 L2200, L2210, L2220, L2232, L2275, L2280, L2405, L2768, L2795, L2820, L2840

Support and Training

BabyNet will hold office hours to review the new authorization and billing process for AFO and SMO devices on June 9, 2026.

June 9, 2026, 9-10 a.m.
