 - Data Snapshot: Compliance Indicators Review
 - We do not want slippage. Only seeing slippage in Indicator 1, likely linked to staffing shortages seen nationally. SCDHHS making efforts to offer overtime and incentives
 - Data Snapshot: Results Indicators Review
 - Natural environment indicator has seen slippage. Seeing this statewide and we have some work to do there
 - Heather asking if natural environment includes clinic here natural not available- Stephanie confirmed they are included
 - Questions?
 - Amy- any indication on why there was slippage around natural environment
 - Scott- national TA feedback from Jennifer, need to understand what's happening nationally with slippage. Telehealth? What will the future look like
 - General telehealth discussions- eligibility office good example from COVID
