9.2 Provider Dispute System

The CONTRACTOR shall establish an internal Provider Dispute System for Providers, not otherwise acting in the capacity of an Authorized Representative of a Medicaid

Managed Care Member under *Section 9.1* of this contract. This Provider dispute system will be utilized as the sole remedy to dispute the denial of payment of a Claim or, in the case of a contracted, in-network Provider, to dispute the CONTRACTOR's Policies, Procedures, rates, Contract Disputes or any aspect of the CONTRACTOR's administrative functions. Providers not otherwise acting in the capacity of an Authorized Representative of a Medicaid Managed Care Member do not have Appeal rights with the Department. At a minimum, the Provider Dispute System shall:

9.2.1 Have dedicated Provider relations staff for Providers to contact via telephone, electronic mail, surface mail, and in person, to ask questions, file a Provider Dispute and resolve problems.

9.2.2 Identify a staff person specifically designated to receive and process Provider Disputes.

9.2.3 For contracted in-network Providers, the Provider Dispute System shall address any adverse action, including the denial or reduction of Claims for services included on a Clean Claim.

9.2.4 For Non-Contracted out-of-network Providers, the Provider Dispute System will address nonpayment, denial or reduction of a Covered Service rendered out of network, including emergency care.

9.2.5 The CONTRACTOR's Provider Dispute System does not have to address CONTRACTOR's decision to not contract with a Provider, CONTRACTOR's decision to terminate a contract with a Provider, denials due to payment adjustments for National Correct Coding Initiative (NCCI), or services that are not covered under this contract.

9.2.6 Establish a process to thoroughly investigate each Provider Dispute using applicable statutory, regulatory, contractual and Provider Subcontract provisions, collecting all pertinent facts from all parties and applying the CONTRACTOR's written Policies and Procedures.

9.2.8.3 A description of how the CONTRACTOR's Provider Relations Staff are trained to distinguish between a Provider Dispute and a Medicaid Managed Care Member Grievance or Appeal in which the Provider is acting on the Medicaid Managed Care Member's behalf, consistent with requirements specified in the Managed Care Process and Procedure Manual.

9.2.9 For Disputes related to denial of payment or reduction in payment, the CONTRACTOR shall allow Providers to consolidate Disputes of multiple Claims that involve the same or similar payment issues, regardless of the number of individual patients or payment Claims included in the bundled complaint.

9.2.10 The CONTRACTOR must investigate and render a written decision regarding Disputes within thirty (30) Calendar Days of the request of the Provider Dispute. The CONTRACTOR's review must consist of an administrative review conducted by a supervisor and/or manager employed by the CONTRACTOR with the authority to revise the initial Claims determination if needed. The decision, if denied, must include a description of the Provider's next step if the issue remains unresolved.

Section 10. THIRD PARTY LIABILITY

10.1 General

Medicaid is the payer of last resort and pays for Covered Services only after any other sources have paid. Federal law requires South Carolina to have in place processes and Procedures to identify Third Parties liable for payment of services under the South Carolina State Plan for Medical Assistance and for payment of Claims involving Third Parties. See S.C. Code Ann. § 43-7-410 et seq (Supp. 2011, as amended) for definitions and statutory requirements.

Federal law considers the Program outlined in the South Carolina statute and the federal regulations to be the Third Party Liability (TPL) Program. This involves identification of other payers, including, but not limited to, group health and other health insurers, Medicare, liability insurance and workers' compensation insurance.

In accordance with federal law, South Carolina state law considers all Medicaid Recipients, including Medicaid Managed Care Members, to have assigned to the Department their rights to payment or recovery from a Third Party or private insurer. State law also requires that Medicaid Recipients cooperate with the Department in the enforcement of these assigned rights. Failure to cooperate with the Department violates the conditions for eligibility and may result in the Recipient's loss of Medicaid eligibility. South Carolina law also subrogates the Department to the Medicaid Recipient's right to recover from a Third Party.

10.2 Department Responsibilities

The Department will be responsible for maintaining the contract(s) needed for insurance verification services or to identify Third Party coverage for all Medicaid beneficiaries, regardless of the health care service delivery system.

10.2.1 The Department will provide data to the CONTRACTOR regarding any third-party insurance coverage for any covered Medicaid Managed Care Member in the CONTRACTOR's Health Plan.

10.2.2 While the Department will make reasonable efforts to ensure accuracy of shared data, the Department cannot guarantee the accuracy of the data. (See the Managed Care Process and Procedure Manual).

10.3 CONTRACTOR Responsibilities

The CONTRACTOR is responsible for administering the TPL Program requirements in accordance with Section 1902(a)(25) of the Social Security Act, 42 CFR § 433 Subpart D and 42 CFR § 447.20, as they apply to services provided under this contract to Medicaid Managed Care Members.

The CONTRACTOR Shall:

10.3.1 Shall coordinate Benefits in accordance with 42 CFR § 433.135 and Department requirements published in the Managed Care Process and Procedure Manual.

10.3.2 Must implement cost avoidance and post-payment recovery Procedures in accordance with federal and state requirements.

10.3.3 Is also required to take reasonable measures to identify any legally liable Third Party insurance coverage for its Medicaid Managed Care Members. This includes both health insurance coverage (including government payers such as Medicare and TriCare) and casualty insurance coverage.

10.3.3.1 If, after the CONTRACTOR makes all reasonable efforts to obtain Medicaid Managed Care Member cooperation, a Medicaid Managed Care Member refuses to cooperate with the CONTRACTOR in pursuit of liable Third Parties, the CONTRACTOR will consult with the Department.

10.3.4 Must adjudicate the Claim and use post-payment recovery if the probable existence of Third Party Liability was not established by either the CONTRACTOR or the Department prior to submission of the Claim.

10.4 Cost Avoidance

In accordance with Department requirements in the Managed Care Process and Procedure Manual, the CONTRACTOR must have processes, methods, and resources necessary to receive TPL data from the Department and to identify third-party coverage for its members. This information will be used in managing Provider payment at the front end before the Claim is paid.

10.4.1 The CONTRACTOR must have appropriate edits in the Claims system to ensure that Claims are properly coordinated when other insurance is identified.

10.4.1.1 The CONTRACTOR's Medicaid reimbursement and Third Party payment cannot exceed the amount the Provider has agreed to accept as payment in full from the Third Party payer.

10.4.2 If the probable existence of TPL has been established at the time the Claim is filed, the CONTRACTOR must reject the Claim and return it to the Provider for a determination of the amount of any TPL.

10.4.3 The CONTRACTOR shall bill or inform the Provider to bill the third-party coverage within thirty (30) Days of identification.

10.4.4 For certain services, the CONTRACTOR should not cost-avoid Claims and will pursue recovery under a policy known as "Pay & Chase". See the Managed Care Process and Procedure Manual for a list of services. While Providers of such services are encouraged to file with any liable Third Party before the CONTRACTOR, if they choose not to do so, the CONTRACTOR will pay the

Claims and bill liable Third Parties directly through a Benefit Recovery Program for services defined as pay and chase services.

10.4.5 The CONTRACTOR shall deny payment on a Claim that has been denied by a known Third Party payer, as defined in *Section 10* of this contract, when the reason for denial is the Provider or Medicaid Managed Care Member's failure to follow prescribed Procedures, including but not limited to, failure to obtain Prior Authorization, timely filing, etc.

10.5 Post-Payment Recovery

Post-payment recovery is necessary in cases where the CONTRACTOR has not established the probable existence of a liable Third Party at the time services were rendered or paid for, for members who become retroactively eligible for Medicare, or in situations when the CONTRACTOR was unable to cost-avoid.

10.5.1 The CONTRACTOR must have Procedures in place to ensure that a Provider who has been paid by the CONTRACTOR and subsequently receives reimbursement from a Third Party repays the CONTRACTOR either the full amount paid by Medicaid or the full amount paid by the Third Party, whichever is less.

10.5.2 CONTRACTOR Post-Payment Recovery Requirements

In accordance with Department requirements in the Managed Care Process and Procedure Manual, the CONTRACTOR must have established Procedures for recouping post-payment.

10.5.2.1 The Procedures must be available for review upon request by the Department.

10.5.2.2 The CONTRACTOR must void Encounters for Claims that are recouped in full.

10.5.2.3 The CONTRACTOR will submit a replacement Encounter for Recoupments that result in an adjusted Claim value.

10.5.2.4 The CONTRACTOR shall seek reimbursement in accident/trauma-related cases when Claims in the aggregate equal or exceed $250.

10.5.2.5 The CONTRACTOR shall report all recoveries it collects outside of the Claims processing system, including settlements.

10.5.2.5.1 The CONTRACTOR shall treat such recoveries as offsets to medical expenses for the purposes of reporting.

10.6 Retroactive Eligibility for Medicare

The Department or its designee will notify the CONTRACTOR when Medicaid Managed Care Members become retroactively eligible for Medicare. The Department will recoup premium payments that do not reflect the dual status of the member. The Managed Care

plan is to recover its payment from the provider that was paid the full contract rate notifying the provider of the Medicare eligibility. The Managed Care Process and Procedure Manual provides specific Procedures for Provider Recoupment of Medicaid payments while the member had dual Medicare and Medicaid coverage.

10.7 Third-Party Liability Reporting Disenrollment Requests

The CONTRACTOR must submit a Disenrollment request if it has identified the presence of Third Party resource that results in the individual's being ineligible for Enrollment in CONTRACTOR's Health Plan.

10.8 Third-Party Liability Recoveries by the Department

10.8.1 The Department reserves the right to attempt recovery independent of any action by the CONTRACTOR.

10.8.1.1 After one hundred and eighty (180) Days from the date of payment of a Claim subject to recovery for health recovery activities.

10.8.1.2 After three hundred and sixty-five (365) Days from the date of payment of a Claim subject to recovery for casualty recovery activities.

10.8.2 The Department will retain all funds received from any state-initiated recovery or Subrogation action.

10.9 Reporting Requirements

The CONTRACTOR shall report all third-party cost-avoidance and recoveries for its Members as outlined below and in accordance with the format specified in the Managed Care Process and Procedure Manual.

10.9.1 The CONTRACTOR shall provide a monthly submission of TPL recoveries and include the following information:

10.9.1.1 Inform the Department of the probable existence of Third Party coverage that is not known to the Department and any change or lapse in the Medicaid Managed Care Member's Third Party insurance coverage of which the CONTRACTOR has notice.

10.9.1.2 Specify the amounts cost-avoided and amounts collected post-payment through retro recovery process.

10.9.1.3 For any Third Party recoveries collected after the reporting period for Encounter data, the CONTRACTOR shall report this information to the Department and revise the next submission of the Encounter data report to either void or adjust the Encounter as appropriate.

10.9.1.4 The CONTRACTOR shall be required to include the collections and Claims information in the Encounter data submitted to the Department, including any retrospective findings via Encounter adjustments.

Section 11. PROGRAM INTEGRITY

11.1 General Requirements

The state Medicaid agency is responsible for protecting the integrity of the Medicaid Program, regardless of the service delivery system. To this end, the Department and its respective Bureaus engage in activities designed to protect the integrity of the Medicaid program and identify, prevent, and recover losses from Fraud, Waste, and Abuse (FWA).

Such activities include but are not limited to managing the Fraud and Abuse hotline; receiving complaints and tips about suspected Medicaid Fraud and Abuse; conducting reviews and investigations of individual health care Providers, facilities, suppliers, and Medicaid Members; identifying and recovering for Overpayments and inappropriate utilization of benefits; making referrals to external law enforcement and regulatory agencies; and managing Provider sanctions including exclusions and terminations for cause.

Investigations of Members for potential Fraud are pursued entirely by the Department in conjunction with, and under specific contractual provisions between, the Department and the South Carolina Attorney General's (SCAG) Office. The CONTRACTOR must refer to the Department members suspected of potential Fraud in accordance with the Managed Care Process and Procedures Manual.

Per 42 CFR § 438.608(a), the CONTRACTOR, or Subcontractor to the extent that the Subcontractor has delegated responsibility by the CONTRACTOR for coverage of services and payment of Claims under the contract between the Department and the CONTRACTOR, must implement and maintain arrangements or procedures that are designed to detect and prevent FWA.

The CONTRACTOR shall:

11.1.9 Cooperate fully in any investigation or prosecution by any duly authorized federal or state government agency, whether administrative, civil, or criminal.

11.1.10 Upon notification by the Department that a Provider has been placed on a payment suspension due to a Credible Allegation of Fraud (CAF) pursuant to 42 CFR § 455.23, the CONTRACTOR must also suspend the payments to that Provider and/or administrative entities involved. CONTRACTOR shall effectuate this suspension as soon as practicable. (42 CFR § 438.608(a)(8))

11.1.10.1 Once the payment suspension has been lifted, prior to releasing the withheld funds to the Provider, the CONTRACTOR must have provisions to calculate and first apply the withheld funds towards the Provider's established overpayment. An established overpayment is one in which the MCO has identified an overpayment amount that is owed by the provider, and after all provider Appeal rights have been completed.

11.1.10.2 If the CONTRACTOR fails to apply withheld funds to the Provider's established overpayment prior to releasing the withheld funds to the Provider, the Department may seek recovery directly from the CONTRACTOR for the amount that should have been withheld and applied to the Provider's overpayment.

11.1.11 Upon notification by the Department that a Provider has been placed on prepayment review by the Department, the CONTRACTOR must also place the Provider on prepayment review to the same extent as the Department. CONTRACTOR shall effectuate this prepayment review as soon as practicable.

Upon mutual agreement of the parties that return of PHI is infeasible, Business Associate shall extend the protections of this Appendix to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return infeasible, for so long as Business Associate maintains such PHI.

C.7 SECURITY COMPLIANCE

This Section shall be effective on the applicable enforcement date of the Security Standards. Business Associate agrees to implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the electronic Protected Health Information that it creates, receives, maintains, or transmits on behalf of the Covered Entity, and will require that its agents and Subcontractors to whom it provides such information do the same. Further, Business Associate agrees to comply with Covered Entity's security Policies and Procedures. Business Associate also agrees to provide Covered Entity with access to and information concerning Business Associate's security and confidentiality Policies, processes, and practices that affect Electronic PHI provided to or created by Business Associate pursuant to the Agreement upon reasonable request of the Covered Entity. Covered Entity shall determine if Business Associate's security and confidentiality practices, Policies, and processes comply with HIPAA, as amended from time to time, and all regulations promulgated under HIPAA. Additionally, Business Associate will immediately report to Covered Entity any Security Incident of which it becomes aware.
